Important Job Details

This job will ideally be a full-time Management position for the right candidate. The pay is generous, negotiable and will depend greatly on experience + Profit Sharing Bonuses. **A Veteran Crew Chief or Maintenance Supervisor would be very desirable.** Car Wash experience is a plus but not required! Supervisory experience is a BIG plus but not required.

This job could be split into 2 positions with one being a part-time technician with an hourly rate depending on work experience + Profit Sharing Bonuses. Full-time and Part-time opportunities are available. Please indicate which you are applying for.

Full Job Description:

Liquid Sunshine Express Car Wash stands out above the rest by being locally/Veteran owned and operated and offering an exceptional Express Car Wash experience. We are seeking an **experienced Manager & Maintenance Technician with supervisory experience.** The perfect candidate will be **self-motivated, enjoy a challenge and can demonstrate the ability to trouble-shoot & solve issues within the Express Car Wash setting from the tunnel to the vacuums to the pay stations to the lights to the personnel!** This position(s) will report **directly to the Owners.** An ideal candidate will have a working knowledge of mechanical, electrical, hydraulic and pneumatic systems, troubleshooting and repair skills and could be a Veteran Crew Chief or Maintenance Supervisor. Successful Team Members will conduct themselves with a positive attitude and truthful character demonstrating exceptional customer service at every opportunity. **The Liquid Sunshine culture is positive, up-beat, dependable, reliable and takes responsibility for their actions.**

Job Duties:

- Maintain our reputation of integrity, honesty, trust and excellent service

- Leadership ability to coach, lead and develop a team
- Monitor all conveyors, control systems, vacuum systems, payment centers, and other equipment or systems related to the Express Tunnel Car Wash.
- Install, operate, repair, and maintain all car wash machinery and equipment in optimal working order.
- Prepare machine centers for daily use, working knowledge of hydraulics and various pump systems
- Assemble, install and repair equipment following blueprints and schematics.
- Replace guards and protective devices after completion of project or repairs.
- Perform all duties in accordance with safety rules and regulations.
- Comprehend and utilize all system and vendor support.
- Continually work on preventative maintenance
- Diagnose and repair malfunctioning mechanical equipment using cutting, power, and hand tools and electronic test equipment

Skills

- Strong leadership skills and able to work with vendors and site management to navigate projects or direct phone support.
- Understanding of electrical, hydraulic and pneumatic systems, troubleshooting and repair.
- Ability to research information to find solutions.
- Strong organizational and prioritization skills
- Ability to manage time and complete tasks within scheduled timelines.
- Self-starter and able to work independently and in a team environment.
- Comfortable working with and influencing a team of direct and non-direct reports.

Benefits:

Tuition Assistance / Paid Time Off Accrual / Health insurance / Dental insurance
Disability insurance / Vision insurance / FREE Car Washes / Generous Profit-Sharing Plan
